Address:

Foley

Price:

Check with seller

I have a lightly used camera that I used for photo shoots up for sale. This Nikon D7100 has done really well for me and only selling it cause I upgraded. I am selling it with three lenses, bag, and two memory cards. The lenses are an 18-55mm, 55-200mm, and 18-105mm. I'm looking to sell everything as a kit versus parting out and I'm asking \$875 for everything. I'm open to serious offers but please no low balls. everything is shown in the second photo.
